Reconsideration of Decision Denying
Request for Certificate of Correction

Hon. Commissioner of Patents and Trademarks
Washington, D.C. 20231

Sir:

Reconsideration of the decision dated April 15, 1987 denying patentees request for a Certificate of Correction is hereby requested. In the decision, it was noted that patentees must claim priority in the instant application and identify the application containing the certified copy.

Attached hereto as Appendix 1 is a claim for priority under 35 USC §119 of Irish patent application 2380/83, filed October 10, 1983. A certified copy of the Irish application can be found in U.S. Serial No. 564,224 (now U.S. Patent No. 4,518,584), the parent of the above-identified patent, for which priority under 35 USC §120 has been requested and granted.

Petitioners hereby request that priority be accorded under 35 USC §119 and the attached Certificate of Correction (Appendix 2) be entered into the patent.

Patentees hereby authorize payment of \$140.00 for this petition in accordance with 37 CFR §1.17(h), or any additional fees that should be considered due under 37 CFR §1.323, to be charged to Cetus Corporation's Deposit Account No. 03-1260.
